PURPOSE
The purpose of the process to become a Children's Craniofacial Association (CCA) Speakers' Bureau member is so that there is unity in the message and content presented when representing CCA. As a Speakers' Bureau member you will have a seal of approval to show that you have undergone our training and attained formal education that qualifies you to speak in front of an audience. Our goal is not to exclude anyone, but rather to give you valuable free training to share your story with confidence and allow you to become a better public speaker.

WHO
We pride ourselves in having a worldwide outreach, and do not restrict based on locality, age or any other factors. However, if you are a CCA child under the age of 14 years we require a 'family certification'. This means an adult will need to accompany the child to all events and therefore also undergo the same training process.

WHAT YOU NEED TO DO TO BECOME A CCA SPEAKERS' BUREAU MEMBER:

☐ Pick your geared audience
  - Elementary students
  - Middle school students
  - High school students
  - Corporations/Medical Institutes [requires previous experience to be shown]

☐ Fill out the Speakers' Bureau request form

☐ Watch our online training videos that have been specifically hand-picked for your audience interest

☐ Complete the online quiz to test what you learned
  - Must have a grade of 70 or higher to be considered

☐ Audition
  - Submit a mock presentation of your self presenting to your desired audience for critiquing

☐ Submit audition corrections
  - If you need additional help we will recommend a mandatory virtual workshop with an experienced public speaker with over 15 years of experience.

☐ Complete online background check if older than 18 years or parent accompanying minor speaker

WHAT YOU GET:
Once you are a member you will be added to our list of qualified speakers that we match with schools and organizations. You will receive a silver-status CCA member logo to use on any online platforms you may have especially if you outsource your speaking arrangement outside of us or to simply keep as a keepsake. You will also have year round access to updated public speaking resources.

You will be considered gold-status certified upon completion of five (5) speaking sessions arranged by CCA with positive feedback from the organizer of the event. There is no specific deadline for this status, it will be on a rolling basis. We recommend after each session you reflect on what worked for your audience and where you could possibly improve so that you continue to perfect your presentation.
