Group Meetups

9:30am-11:20am (Each group session will last 50 minutes) Location for each Meetup is highlighted in yellow.

For the Syndrome Meetups with Group A/B sessions, you have been placed in a specific group. Please refer to the Group Meetup email for Placement. Your placement and Group Meetup information will also be included as an insert within your retreat program. You do not have to attend a session, even if you've been placed in one, but we had to split the groups because they were so large!
